

3rd
edition!

Telecommunications market in Russia 2010

Development forecasts for 2010-2014

Publication date: August 2010

Language: English

Report Description

The 3rd edition of the report delivers the most current and comprehensive overview of the Russian telecommunications market. It includes analyses and forecasts for the entire telecoms market as well as its individual segments. The forecasts are provided for the three vertical segments of the telecoms industry: mobile telephony, fixed-line telephony as well as data transmission and internet services provision.

The report, prepared in accordance with the PMR MarketInsight methodology, is based on PMR's own data, analysis and forecasts, as well as interviews with experts on the telecommunications market and public domain sources.

The report consists of four major sections:

- Telecommunications market in Russia
- Mobile telephony market
- Fixed-line telephony market
- Data transmission and internet services provision

Selected PMR Clients:

Microsoft

Alcatel-Lucent

upc

Mozeza więcej

The study is an indispensable source of business information for any company active in the market.

From this report you will learn:

- What are the **barriers and stimuli** to the development of the Russian telecoms market?
- What is the **growth potential** of market segments over the next few years?
- What is the development perspective for **3G telephony** in Russia?
- Are the future prospects for **MVNOs** positive?
- What are the **key market trends in the fixed-line telephony** segment?
- How the **VoIP** influences the fixed-line segments in Russia?
- What is the popularity of particular **internet access technologies** in Russia?
- Are there development perspectives for **WiMAX**?
- What is the forecasted **number of internet and broadband internet access subscribers** by technologies in 2010-2014?

Report advantages

- comprehensive analysis of all key segments of the telecommunications market in one report
- the most up-to-date source of market intelligence based on years of experience in ICT sector analysis
- PMR long term forecasts up to 2014 regarding development of the telecommunications market as a whole and its major segments
- trustworthy data derived from various, carefully monitored, market sources
