

HVAC market in Poland 2016

Market analysis and development forecasts for 2016-2021

- Methodology
- Executive summary
- Heating
 - Overview of heating companies
 - Solutions used in heating systems
 - Brands of installed heating boilers
 - Capacity of installed heating boilers
 - Types of heat pumps
 - Brands of heat pumps
 - Support scheme for low-energy houses
 - Types of heating systems used
 - Underfloor heating
 - Brands of underfloor heating systems
 - Types of radiators used
 - Brands of radiators
 - Other sources of heating
 - Types of fireplaces used
 - Solar collectors in Poland
 - Popularity of selected heating solutions
 - Competitive environment in the segment of heating companies
 - Evaluation of the main brands on the heating equipment market
 - Ranking of brands of heating devices
 - Ranking of brands of heating devices by the price-to-quality ratio
 - Ranking of brands of heating devices, by level of recommendation in Poland
 - Ranking of brands of heating devices, by customer service quality
 - Global ranking of brands of heating devices
- Ventilation
 - Overview of ventilation companies
 - Type of ventilation systems installed
 - Mechanically-assisted natural ventilation
 - Mechanical ventilation
 - Heat recovery units – recuperators

- Popularity of recuperators in various types of buildings
- Types of recuperators
- Efficiency of recuperators
- Designing recuperator installations
- Finishing components of ventilation systems
- Complex ventilation systems
- Brands of ventilation systems
- Brands of recuperators
- Competitive environment in the segment of ventilation companies
 - Brand recognition for ventilation systems
 - Ranking of brands of ventilation devices
 - Ranking of brands of ventilation devices by the price-to-quality ratio
 - Ranking of brands of ventilation devices, by level of recommendation
 - Ranking of brands of ventilation devices, by customer service quality
 - Global ranking of brands of ventilation devices
- Air conditioning
 - Overview of air-conditioning companies
 - Air-conditioning solutions
 - Air conditioners by the structure of unit connection
 - Types of air conditioners
 - Cooling capacity of air conditioners
 - Auxiliary features of air conditioners
 - Brands of air-conditioning systems
 - Brands of split air-conditioning systems
 - Brands of chilled-water air-conditioning systems
 - Competitive environment in the segment of air conditioning companies
 - Brand recognition for air conditioning devices
 - Ranking of air conditioner brands
 - Ranking of brands of air conditioning devices by the price-to-quality ratio
 - Ranking of brands of air conditioning devices, by level of recommendation
 - Ranking of brands of air conditioning devices, by customer service quality
 - Global ranking of air conditioner brands
