

**Central Europe Pharma** *Online*

**Central Europe Pharma Online** is a new online resource for the pharmaceutical industry in the Central & Eastern Europe region providing news, articles and market data on **Bulgaria, Czech Republic, Hungary, Romania, Poland, Slovakia** as well as **Russia & CIS**. We have been covering this sector in detail **since 2004** and have available an online archive of previously published information combined with a multi-criteria search facility.

**Over 120 industry updates**, covering **market news, company news, medical news** and **research developments**, together with news on laws and regulations governing the pharmaceutical sector are added each month. For timely news delivery, customised newsletters can be sent directly to your email account with **personalised content**. This news service is a must-have for anyone in the pharmaceutical industry professional looking to invest or already active in Central and Eastern Europe.
